**Election of Invention in Response
to Restriction Requirement**

In response to the Examiner's correspondence dated September 20, 2007 pursuant to the Examiner's restriction requirement in the above-referenced patent application, Applicants provisionally elect with traverse to prosecute the invention of group I, namely claims 1-22, which are drawn to telephthalamide peptidomimetic compounds classified in class 562, subclass 540. In addition, Applicants elect with traverse to prosecute a single species falling with group I, according to the chemical structure:
